Registration Form

Dear Members of the Bar,

We invite you to kick off the New Year in a big way by joining us for this year's Spring Convention in St. George from March 13-15, in what *INC* magazine is calling, "America's Number One Boomtown!"

Long known as Utah's Hot Spot for fun in the sun, St. George is now on the nation's radar as being the place to come for business and recreation. This year's Spring Convention promises unparalleled CLE opportunities and enough time to breakout your irons and hit the greens on some of the world's most beautiful golf courses.

To ensure there is never a dull moment, the Convention committee has scheduled dynamic speakers including Kirk Bloodsworth, who was first convicted of murder, spent nine years in prison, two of those being on death row, and in 1993 became the first person convicted of capital murder to have his conviction overturned as a result of DNA evidence. It is interesting to note that the actual killer in this case was later identified by DNA evidence.

Also set to speak is Jeffrey Krivis, a nationally known mediator, lecturer and author of two books; "Improvisational Negotiation" and "How to Make Money As A Mediator And Create Value For Everyone".

And no, we have not forgotten to set aside enough time for the networking between you and your peers from all across, what the Kauffman Foundation is calling, "America's Most Dynamic state."

Please join us at this exceptional event and take the opportunity to interact with colleagues as well as the many law firms and exhibitors who have made generous contributions, thus ensuring that this year's Spring Convention is an enjoyable and informative experience.

KIRK BLOODSWORTH'S case was the first capital conviction to be overturned in the United States as a result of DNA testing. A former Marine with no criminal record, Bloodsworth was wrongfully convicted and sentenced to death in Maryland in 1984 for a rape and murder he did not commit. He spent nearly 9 years in prison before DNA testing proved his innocence in 1993. It took another 10 years before the Maryland State's Attorney announced that a DNA match had identified the actual perpetrator of the crime. That person pled guilty to the murder for which Bloodsworth had been wrongfully convicted.

Today, Bloodsworth is the Program Officer for The Justice Project, a nonpartisan organization based in Washington, D.C. that address unfairness and inaccuracy in the American criminal justice system. The Justice Project develops and coordinates national and state-based campaigns involving public education, litigation and legislation to reform the criminal justice system, with a particular focus on capital punishment. Bloodsworth and The Justice Project led a five-year campaign to pass the Innocence Protection Act in the U.S. Congress. The Bill, which established the "Kirk Bloodsworth Post-Conviction DNA Testing Program" was signed into law in October 2004.

The dramatic story of Bloodsworth's 20-year journey is chronicled in a book by Tim Junkin, *Bloodsworth: The True Story of the First Death Row Inmate Exonerated by DNA*.

Great Scott! presents... Magic & Comedy

Great Scott, aka Scott Averkamp, is not only a magician and a comedian, he is also a wonderful entertainer! He has performed for thousands of people at conventions, dinner parties, and other corporate events. He combines, magic, mind reading, audience participation, and lots of comedy to create a performance that the audience remembers long after Scott disappears. Not only will you laugh, but you will be scratching your head wondering how in the world he did it! Scott has been performing magic since he was 8 years old. He is a member of the International Brotherhood of Magicians and the Society of American Magicians. Scott is also a shareholder with the law firm of Snow, Christensen & Martineau and works out of their St. George office. He has the singular distinction of being the only attorney in Utah who has deceived every District Court Judge in the State – he recently performed for their annual retreat!

JEFFREY KRIVIS began his mediation practice in 1989, when lawyer-mediators in Southern California were rare, and litigators had to look outside the state for experienced practitioners. Now, more than 17 years later and having resolved thousands of disputes – including mass tort, employment, entertainment, business, complex insurance, catastrophic injury and class action matters – Krivis is recognized not only as a pioneer in the field, but also as one of the most respected neutrals in the state.

An adjunct professor at the Straus Institute for Dispute Resolution at Pepperdine University School of Law since 1994, Krivis teaches negotiation and mediation skills to lawyers and judges. His experiences as both a working mediator and academic prompted him to write two books: “Improvisational Negotiation: A Mediator’s Stories of Conflict About Love, Money and Anger – and the Strategies that Resolved Them” and “How To Make Money As A Mediator And Create Value For Everyone (Wiley/Jossey-Bass 2006). “Improvisational Negotiation” received the 2006 Outstanding Book Award from the CPR Institute for Conflict Prevention & Resolution.

Krivis is a past president of both the International Academy of Mediators and the Southern California Mediation Association. The *Los Angeles Daily Journal* legal newspaper named him one of the “top 20 neutrals in the state,” and he continues to appear since its inception on the “Super Lawyer” list published by *Los Angeles magazine* and *Law & Politics Media*. He is featured in the recent edition of “Best Lawyers in America.” *The Hollywood Reporter* recognized him as one of the “Power Mediators” in the entertainment industry. Krivis received the highest rating (AV) from Martindale-Hubbell. Jeffrey Krivis has now expanded his practice to the Carmel/Monterey area for clients who wish to mediate and spend their weekend in a scenic and relaxing environment.

How it Works: Generally, emergency first responders complete an estate planning questionnaire prior to arriving at a “Wills for Heroes” event. Once onsite, participants are assigned to a volunteer attorney licensed in that state who examines the questionnaire and inputs the information into a laptop preloaded with the appropriate software. The result includes a basic will, formally signed and finalized by a notary, before the participant leaves the site. All services are provided free of charge.

The Utah Young Lawyers Division will be implementing the “Wills for Heroes” program in Utah at the Spring Convention in St. George. The YLD is currently working on the estate planning templates and documents. The YLD is partnering with the Paralegal Division to provide notary public services at the event to provide full services for our Utah first responders.

More information will be available nearer to the Spring Convention.
